Due to the differences in primary material types (e.g. Aluminum, Stainless Steel, etc.), some tolerances may vary slightly from those listed above. GRIP STRUT® Plank Grating items specified with exact, even-foot dimensions from 7" to 14" meet the standard length tolerance. Lengths specified by the number of diamonds also have a tolerance of + 1/4" / - 0". Lengths that are specified by full diamonds plus an additional half diamond will be equal to the full diamond length plus 9/16" and subject to the standard length tolerance of + 1/4" / - 0". GRIP STRUT® Heavy-Duty Plank Grating items specified with exact, even-foot dimensions from 7" to 14" meet the standard length tolerance. Lengths specified by the number of diamonds also have a tolerance of + 1/4" / - 0". Lengths that are specified by full diamonds plus an additional half diamond will be equal to the full diamond length plus 1" and subject to the standard length tolerance of + 1/4" / - 0".
