U - Uniform Load - Lbs. per Square Foot
C - Concentrated Load - Lbs. per Square Foot of Width at Mid Span

- For Stair Treads with lengths (spans) greater than 48 ", an intermediate stringer is strongly suggested.
- Technical information provided is theoretical and for evaluation by technically skilled persons, with any use thereof to be at their independent discretion and risk. McNICHOLS shall have no responsibility or liability for results obtained or damages resulting from improper evaluation or use of Plank Grating Stair Treads and Carrier Plates.
