Stair Tread and Stair Tread Plank sizes and spans are based on a minimum concentrated load of 300 lbs. and a minimum uniform load of 100 lbs. GRIP STRUT® Stair Tread Plank items have a 1-1/4" wide flat shelf to accept 1-1/4" wide Cast Abrasive Nosing. Technical information provided is for evaluation by technically skilled persons, with any use thereof to be at their independent discretion and risk. McNICHOLS shall have no responsibility or liability for results obtained or damages resulting from improper evaluation or use of Stair Treads.
