- Stair Tread and Stair Tread Plank sizes and spans are based on approximately a minimum concentrated load of 300 lbs. and a minimum uniform load of 100 lbs.
- GRIP STRUT® Stair Tread Plank items have a 1-1/4" wide flat shelf to accept 1-1/4" wide Cast Abrasive 90° Angle Nosing.
- Technical information provided is theoretical and for evaluation by technically skilled persons only, with any use thereof to be at their independent discretion and risk. **McNICHOLS** shall have no responsibility or liability for results obtained or damages resulting from improper evaluation or use of Plank Grating Stair Treads and Stair Tread Planks.
