- Maximum panel width dimensions are measured from outside to outside of bearing bars.
- Wider areas than indicated by maximum panel widths in chart can be covered by two or more pieces with proper structural support.
- All Grating types are Aluminum except GSL & GSL-2 which is Stainless Steel.
- Technical information provided is for evaluation by technically skilled persons only, with any use thereof to be at their independent discretion and risk. **McNICHOLS** shall have no responsibility or liability for results obtained or damages resulting from improper evaluation or use of Grating.

Superior Service, Quality and Performance ... That's The Hole Story®!
